### Objective

---

Creative, focused, and driven for success. I started learning and working with computers at age 10 and since then have had a never-ending love for technology. I am a recent graduate from Purdue University Northwest, holding a Bachelor's degree in Computer Information Technology with a concentration in Cybersecurity. Currently, I lead a team of student workers within our network department here at my university but am seeking a full-time job opportunity in the field. I would love to showcase my skills gained from my on-site experience, as well as ones acquired throughout college and on my own. I aim to apply my existing knowledge and skills while striving to learn and develop new ones along the way.

### Relative Experience

---

#### Lead Student Network Administrator

Purdue University Northwest

Feb. 2023 - Present

- Lead a team of other student network administrators.
- Managed and maintained Cisco/Meraki, Extreme, and Enterasys equipment.
- Provided field operations support to faculty, staff, and students via tickets.
- Collaborated with other IT teams to ensure network stability and connectivity.

#### Golf Associate/Salesperson

Dick's Sporting Goods

Nov. 2019 – May 2023

- Assisted athletes in selecting golf equipment and accessories.
- Provided golf fittings and recommendations based on the athlete's needs.
- Created IT documentation for associates on how to use the store's software.
- Helped in every department within the store as needed.

### Education

---

#### Bachelor's Degree in Computer Information Technology | Focus: Cybersecurity

Dec. 2023

Purdue University Northwest – Hammond, Indiana

#### Core 40 Honors Diploma

May 2019

Lake Central High School – St. John, Indiana

### Key Skills

- Network Management (Cisco/Extreme/Enterasys)
- TCP/IP, BGP, OSPF
- Field Operations Experience
