Objective

I am a recent graduate from Purdue University Northwest, where I earned a Bachelor's degree in Computer Information Technology with a focus on Cybersecurity. Currently, I am leading a team within the university's network department while concurrently working towards obtaining the CompTIA Network+ and CCNA certificates. My aim is to apply the practical experience gained from leadership roles and academic studies to thrive in a full-time networking position. I am deeply committed to continuous learning and am enthusiastic about contributing to innovative solutions within the field.

Relative Experience

Lead Student Network Administrator

Purdue University Northwest

Feb. 2023 - Present

- Lead a team of other network administrators.
- Managed and maintained routers, switches, VoIP phones, and APs (Cisco/Meraki and Extreme/Enterasys).
- Provided field operations support to faculty, staff, and students via tickets.
- Collaborated with other IT teams to ensure network stability and connectivity.
- Trained a team of new network administrators on the processes/management in the department.
- Developed extensive documentation on the procedures of the position (troubleshooting and installation).
- Conducted regular network analysis to improve and optimize the campus's Wi-Fi and LAN connections.

Golf Associate/Salesperson

Dick's Sporting Goods

Nov. 2019 – May 2023

- Assisted athletes in selecting golf equipment and accessories.
- Provided golf fittings and recommendations based on the athlete's needs.
- Created IT documentation for associates on how to use the store's software.

Education

Bachelor's Degree in Computer Information Technology | Focus: Cybersecurity

Dec. 2023

Purdue University Northwest – Hammond, Indiana

Core 40 Honors Diploma

May 2019

Lake Central High School – St. John, Indiana

Key Skills

- Network Administration (Cisco/Meraki/Extreme/Enterasys)
- Wi-Fi Optimization and Access Point Configuration
- TCP/IP, OSPF
- Field Operations Experience (Cabling, Installing, Troubleshooting)
- Active Directory, Group Policy, Radius, DHCP, DNS
- Windows Server, Windows XP/7/10/11, Linux, Mac OS
- VMWare ESXI/Workstation/Hyper-V
- Microsoft Office 365/SharePoint/OneDrive
- Python, MySQL, PHP, HTML/CSS, JavaScript/jQuery, C#, Java

Projects

- Westville/Hammond campus migration from Extreme/Enterasys to Cisco/Meraki
- Wireless site surveying (Assistant on-site using Ekahau)
- Traverse Capstone Project – Greenhouse Inventory System (PHP/MYSQL)
- Cisco interfaces configuration software (Windows EXE)
